Government Buildings in Burgas

1. The offices of the Food Supply Service are in the building formerly occupied by the Burgas City People's Council opposite the building which the People's Council now occupies at the corner of Aleksandrovska and Ferdinandova (now 9 September) Streets. 25X1X

2. The building used by the Soviet Geological Research Commission is on Slivnitsa Street at Troykata Square. A garage used by the commission is also on Slivnitsa 25X1

3. A 2-story building with a forked antenna about 10 meters high, which informant believes may be a radio station, is located on the southern outskirts of Burgas. It is surrounded by a high wall and is between the former French School (now used as a workers' hospital) and a new building under construction. The highway which goes west from the central railroad station in Burgas leads directly to the "radio" building.

4. A building approximately seven by 10 meters in size is being constructed about two kilometers north of the Atanasovo quarter of Burgas by the State Naval Construction Establishment (Morska Stroitelna Sektsiya). According to the workers, this is to be used as a radio station.

5. The Burgas PTT (Post, Telegraphs, and Telephones) Building, is located about 100 meters north of the central railroad station. The building is three stories high (a fourth story is being added) and is painted yellow.

Gold Content in Burgas Okoliya Copper Ore

6. Informant has heard that the ore from the Meden Rudnik Copper Mine located between Meden Rudnik (N 42-27, E 27-24) and Cherni Vrúkh (N 42-27, E 27-20) villages, about 1,500 meters from the Burgas-Sredets (now Grudovo) highway, also contains an unknown percentage of gold. He has also heard that the ore from the Rosen Copper Mine, located in Rosen village (N 42-23, E 27-35), contains 100 grams of gold per 1,000 kilograms of copper ore.

Debelt Agricultural Cooperative

7. The majority of the farmers in Debelt village have not joined the agricultural cooperative, but they have had to turn over their most fertile land to the farm for less fertile land. Five hundred to 600 acres of land were taken over from the church (denomination unknown) and 200 from the village school, with no indemnity.
8. The cooperative owns no machinery, but borrows what it needs from the Burgas machinery pool.
9. There are still some food markets in Burgas where independent farmers sell their produce.
